

Endell Veterinary Group Pet Health Plans provide you with a simple, money-saving way to give your cat or dog the regular preventive treatments he or she needs.

Pet Health Plans are not pet insurance: Pet Health Plans cover the regular things – like vaccinations, flea, worm and other parasite treatments, health checks and advice – that pet insurance generally doesn't. However young or old your pet, a Pet Health Plan is designed to adapt to your pet's needs, from puppy or kitten, to adulthood and throughout its senior years.

You pay for your Pet Health Plan monthly, by a simple Direct Debit, so you spread the cost of your regular veterinary needs and save money too.

Extra benefits include exclusive discounts on food and other treatments and procedures your pet might need.

Pet Health Plans give you the reassurance of knowing that you are providing the best possible protection and care for the pet you love.

Working together for a longer, happier life

Endell Veterinary Group Pet Health Plans for cats and dogs give you:

- A new, easy and cost-effective way to spread the cost of your pet's essential healthcare, including vaccinations, flea, worm and other parasite treatments;
- Regular, structured 10 Point Health Checks, preventive treatments and advice;
- Access to exclusive discounted prices on purchases, services and treatments from your practice;
- A Health Check Record Book to allow you and your vet to monitor and record your pet's health;
- Plans to suit your pet, whatever its age or breed;
- A health plan that works well on its own or alongside pet insurance;
- The chance to diagnose and manage earlier any health issues your pet may develop;
- Reassurance that you are providing the best care for your pet throughout its life.

Please call the Endell Veterinary Group team on 01722 333291 or call in for more information about Pet Health Plans.

Alternatively call the Pet Health Plans team on 0800 169 9958, 8.30am – 7pm, Monday to Friday.

At the Endell Veterinary Group we believe that a proactive, preventive approach to your pet's healthcare is far better than waiting until your pet is vulnerable, ill or suffering to put things right. We want to make responsible pet ownership simple and affordable, which is why we have designed these Pet Health Plans.

A Pet Health Plan makes it easy for you to protect your pet and your family against preventable diseases and discomfort by making sure your pet's vaccinations, flea, worm and other parasite treatments are kept up to date. Plus, regular check-ups and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life, whilst saving you money and worry too.

We have teamed up with The Practice Business, who will collect your Direct Debits on our behalf and take care of the administration of the plans. This frees us up to concentrate on looking after your pets.

Your Pet Health Plan Agreement details

When you complete the Pet Health Plans application form at your practice, you will find these details on the back of the form you sign. If you wish to join Pet Health Plans over the phone, you will be asked if you have read and understood these details before your membership is confirmed.

Please speak to your veterinary practice to confirm what is included in your Pet Health Plan.

Welcome to your Pet Health Plan from your veterinary practice. The Agreement you have with your practice means you can enjoy the benefits of preventive healthcare for your pet(s).

Pet Health Plans are administered by The Practice Business for and on behalf of your veterinary practice. The Practice Business's role is to provide administrative services to support the contract between you and your practice. This includes passing your payments onto your practice on a regular basis.

Please remember, your Pet Health Plan Contract is between you and your specified veterinary practice and is not transferable to another. However, if you are considering changing your practice please contact Pet Health Plans who will advise you on how to re-register, ensuring your pet's health is not compromised.

The following points make up the 'terms and conditions' of your Contract with your veterinary practice and are effective from 1st October 2007. These are very important and we strongly advise that you read through them carefully, and keep them in a safe place, so that you can refer to them in the future, should you wish to.

- 1. Explanation of terms used** – In this Agreement, 'the Contract' means these terms and conditions and the Contract formed between you and your veterinary practice which you have signed; 'your veterinary practice' and 'your practice' means the veterinary practice named on the Pet Health Plans Application Form.
- 2. Plans, categories and fees** – The fee for your cat or dog will be set by your practice, based on its species, age and weight.

- 3. Treatment to which you are entitled** – The Contract entitles your pet to receive routine treatment required to maintain your pet's health, as prescribed by your veterinary practice. A list of inclusions is available from your practice.
- 4. Treatment to which you are not entitled** – The Contract is limited to the provision of routine preventive health care and only entitles your pet to the treatment required to monitor its health, as specified by your practice.
- 5. Treatment by another veterinary practice** – Your Contract is with your practice. Where you choose for your pet to have routine care or treatment provided by a practitioner independently of your practice, your pet will not be covered by your Pet Health Plan.
- 6. Payment** – You must pay your initial joining fee, which covers you for life, each pet's joining fee and monthly fee by Direct Debit in favour of The Practice Business as collecting agent for your practice, or annually by invoice.

Any other amounts due to your practice for treatment not covered by the Contract are payable directly to your practice. Your liability to pay the monthly fee continues until the Contract is ended in accordance with these terms and conditions and no refund of fees will be allowed except in the case of administrative error or death of the pet or client.

- 7. Alteration of monthly fees and categories** – Your practice will normally review your pet's monthly fee once a year in April. Your pet's monthly fee may also change as different age and weight thresholds are reached. Should your pet's fees change, you will be given at least one month's written notice (correspondence sent to the last known address by ordinary post will be treated as adequate notice).

- 8. Direct Debit changes** – Following a decrease in monthly fee or variation in discount available to you, your Direct Debit will be changed at the next available collection date. Where you are given notice of an increase in your monthly fee, your Direct Debit will be changed at the end of the notice period.

- 9. Your responsibilities** – The date of birth and weight of your pet(s) entered on your Pet Health Plans Application Form will be the date of birth and weight used to determine the fee category your pet(s) falls into. If the month of birth is unknown, we will use 1st January of the specified year for this purpose. If the year of birth is unknown, an estimate should be made.

You are responsible for ensuring your pet(s) attend(s) the practice regularly and that you comply with the advice and treatment your veterinary practice prescribes for your pet(s). If, in the reasonable opinion of your practice, they are not able to maintain your pet's health due to any act or omission on your part, your practice may end the Contract immediately by giving notice to that effect.

If your personal details change, you should notify The Practice Business. If your pet is lost or deceased, you should notify your practice and The Practice Business.

- 10. Ending the Contract** – You may cancel your Contract by contacting The Practice Business or your practice within the cancellation period, which is 14 days following conclusion of your Contract. Following this period, you may end the Contract by giving not less than 21 days' notice to your practice and to The Practice Business, expiring on the last day of a month. The practice may end the Contract by giving your written notice expiring on the last day of a month, after no less than one month's notice.
- 11. Non-payment – Non-payment of one fee** – If we fail to collect a monthly payment The Practice Business will inform you accordingly and attempt to collect two payments from your account in the following month.

Non-payment of two fees – If you default on two successive payments, The Practice Business will inform you your Contract has been subsequently cancelled.

Refunds – If The Practice Business (acting on behalf of your practice) agrees to refund your fees for whatever reason, your registration for those months will be treated as unpaid and the conditions relating to non-payment will fully apply to you.

- 12. Clinical Records** – By signing the Pet Health Plans Application Form, you consent to the disclosure of your pet's medical notes and other records for the purpose of any review, assessment or consideration of the care provided by your practice, which may take place under the terms of their membership of Pet Health Plans; but not for any other purpose without your further consent.

- 13. Variation of these terms and conditions** – The terms and conditions of this Contract may be varied on one month's written notice given to you by your practice. If you do not wish the Contract to continue having regard to any variation notified to you, you may end it as detailed in condition 10. If you do not do this by the time the notice expires, you will be deemed to have accepted the variation.

- 14. Contract not transferable** – As your Contract is between you and your practice alone, you may not transfer it to another practice. If you need to change to another participating practice, a new Contract will be required and the monthly fees may be different.

- 15. Treatment outside the Contract** – This Contract does not prevent you and your practice agreeing that they will provide treatment outside your entitlement under the Contract. You will be responsible for paying for such treatment.

- 16. Liability** – The Practice Business administers Pet Health Plan registrations and collects monthly fees on your practice's behalf.

This Contract is not with The Practice Business and The Practice Business has no liability to a member of Pet Health Plans (whether in respect of negligence, breach of Contract, defective or unsatisfactory treatment, or otherwise) in connection with any Contract it administers on your practice's behalf.

- 17. Disputes** – Your practice has an in-house complaints procedure. If you are unhappy with any aspect of your pet's veterinary care, you should approach your practice directly.

- 18. Notices** – Any notice given to you by your practice under these terms and conditions is considered valid if The Practice Business gives it to you on your practice's behalf. Any notice given by your practice or The Practice Business is valid if sent to your last known address by ordinary post.

- 19. Pet Health Plans services** – The Practice Business may record and monitor telephone calls for training purposes and for use in the event of any subsequent queries.

Governing Law and Jurisdiction – Both parties agree that this Agreement shall be governed by and construed in accordance with the Law of England and Wales and the parties hereby irrevocably submit to the exclusive jurisdiction of the English Courts.
